

# ABSTRACT

The present invention provides a golf club head which satisfies the following three conditions in a moment  $M$  of inertia around a center line of a shaft axis ( $\text{g}\cdot\text{cm}^2$ ) and a depth  $L$  of center of gravity (mm):

- (1)  $4000 \leq M \leq 7000$ ;
- (2)  $30 \leq L \leq 50$ ; and
- (3)  $M \leq 200 \times L - 2000$ .
